## Vandalism? Parents may have to answer

THE ANTIOCH WOMAN'S CLUB has donated two benches to the village mini park on the 800 block of west Main St. Pictured above are (from left): public works employee Bob Kennedy, club members Irene Hahn and Irene Williams, Mayor Michael Haley and club president Jean Rockow.

### Bike rodeo next Wednesday

Bike riders, age 6 through 17, will be competing for a grand prize 10-speed bike and a total of 18 trophies and medals in the State Bank sponsored Bicycle Safety Rodeo scheduled Wednesday, June 15, from 1 p.m. to 5 p.m. (Rain date June 22.)

The safety rodeo, designated for the Illinois Bicycle Safety Program, will take place in the State Bank parking lot where participants can register after 1 p.m. through 5 p.m.

The first 300 participants to register will receive a complimentary set of reflectors for their bikes.

All registrants will be given bicycle safety materials provided by the office of the Secretary of State.

During the rodeo competition, Chuck Miller, assistant police chief of Antioch, and Sgt. Tom Fisher will be conducting bike safety checks and registration of bike serial numbers for theft prevention.

IN BOYS' COMPETITION, 1st, 2nd and 3rd place trophies and medals will be presented in three separate age categories - 6 through 9, 10 through 12, and 14 through 17. Identical awards will be presented in the girls' competition.

### Sign off!

Antioch village officials reminded residents this week the sign ordinance prohibits signs on utility poles and trees.

The building inspector is authorized to remove any non-conforming signs.

### Fines could range from \$10 to \$500

The village of Antioch has taken definite steps toward a parental responsibility ordinance.

Proposed legislation was referred back to the safety committee at Monday night's village board meeting. It is designed to combat vandalism and related offenses by placing liability for minors on parents or guardians.

If passed, the ordinance would call for a written notice to be given parent or guardian of youths ages 12 through 18 who have been found guilty of an offense.

If the minor is convicted of the same offense during the next 12 months, the adult would be fined between \$10 and \$500.

The ordinance will probably be put to a vote at the next regular board meeting at 8 p.m., Monday, June 20.

UPON RECOMMENDATION of the finance committee, the village operating budget was approved, 6-0.

The categories and designations are: general corporate fund, \$949,486; revenue sharing, \$100,400; anti-recession fiscal assistance, \$9,500; water and sewer operating, \$286,144; sewer extension and improvement construction, \$730,000; and motor fuel tax, \$90,000.

The trustees agreed to apply for a federal fund on behalf of the Antioch Rescue Squad. The money, distributed by the Illinois Department of Transportation through its Highway Safety

## Antioch tops its goal in fight against cancer

The American Cancer Society, Lake County Unit, has announced that \$7,205 was collected in Antioch under the leadership of Mrs. William Brook, 102 percent over the goal.

"We are in sight of our total goal of \$251,823 for the Cancer Crusade this year and urge everyone in Antioch, who hasn't given yet, to join other generous citizens in fighting cancer," said Thaddeus Bond, president, and crusade chairman of the Cancer Society's educational and fund-raising efforts.

TWO RESIGNATIONS from the Antioch Police Department were accepted. Patrolman Timothy Zelinski's employment ended May 26; dispatcher Deborah Gliniewicz's resignation is in effect as of the close of business June 30.

By a 5-1 vote, Richard P. Miller was hired for the public works department.

An eight percent wage increase for village employees also was approved.

NEWLY-ENACTED one-day liquor licenses were granted to two organizations, but trustees waived the \$75 fees required for licenses.

## Change rural mail system

locate residences more easily.

"The need to realign our rural routes and the approval of the Antioch Township of a new address numbering system has brought about a need to make a change in your present address."

This is the start of a letter informing many rural Antioch residents of a change from the rural route-box number system to a street address system.

**THE NEW SYSTEM** is now in effect (as of last Saturday) for about one-fourth the postal patrons on all five routes. Eventually, all rural addresses will be changed.

Thomas Kane, Antioch's superintendent of postal operations said, "People have been very cooperative. We also appreciate the help and support of the Chamber of Commerce & Industry and other organizations."

According to the Chamber, the new system was enacted now for three major reasons: population increase required renumbering; a permanent system now is better than another change later; and the new numbers will enable the police, fire department, rescue squad and delivery services to

ALTHOUGH SOME complications and misnumbering have occurred, the postal employees are generally pleased with the system and its reception. Subdivision associates are urged to bring plans of lots (with owners' names) to the post office to aid the process.

First class mail will be forward for one year, free of charge; after that, it will be returned "undeliverable as addressed." Second class publications will be forwarded for 90 days.

The current set of changes should be finalized in about two weeks. The Antioch News then will begin using the new addresses for its subscribers.

## Names in the News

PAUL A. KINAS, assistant cashier at the State Bank of Antioch, graduated from the Illinois Bankers School at Southern Illinois University, Carbondale, on May 22.

The school, sponsored by the Illinois Bankers Association, requires attendance at two summer sessions of two weeks each. Extension work involving problems in all phases of banking must also be completed by the students to earn their certificates of graduation.

A great percentage of the bankers school faculty members are well-known bankers who are specialists in their particular fields. Other outstanding instructors are selected from areas of industry, law and education.

NAVY SEAMAN Thomas J. Marcucci, son of Marcella A. Marcucci of Rt. 4,

Antioch, has returned from an extended deployment in the Mediterranean Sea.

He is serving as a crewmember aboard the amphibious assault ship USS Guam, homeported in Norfolk, Va. While deployed, his ship operated as a unit of the U.S. Sixth Fleet.

Marine Private John W. Martini, son of Ronald Martini of Rt. 5, Box 315A, Antioch, has completed recruit training at the Marine Corps Recruit Depot, San Diego.

During the 11-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the standards traditionally exhibited by Marines.

John joined the Marine Corps in January, 1977.

## Make Nixon Pay Up

From the Milwaukee Sentinel

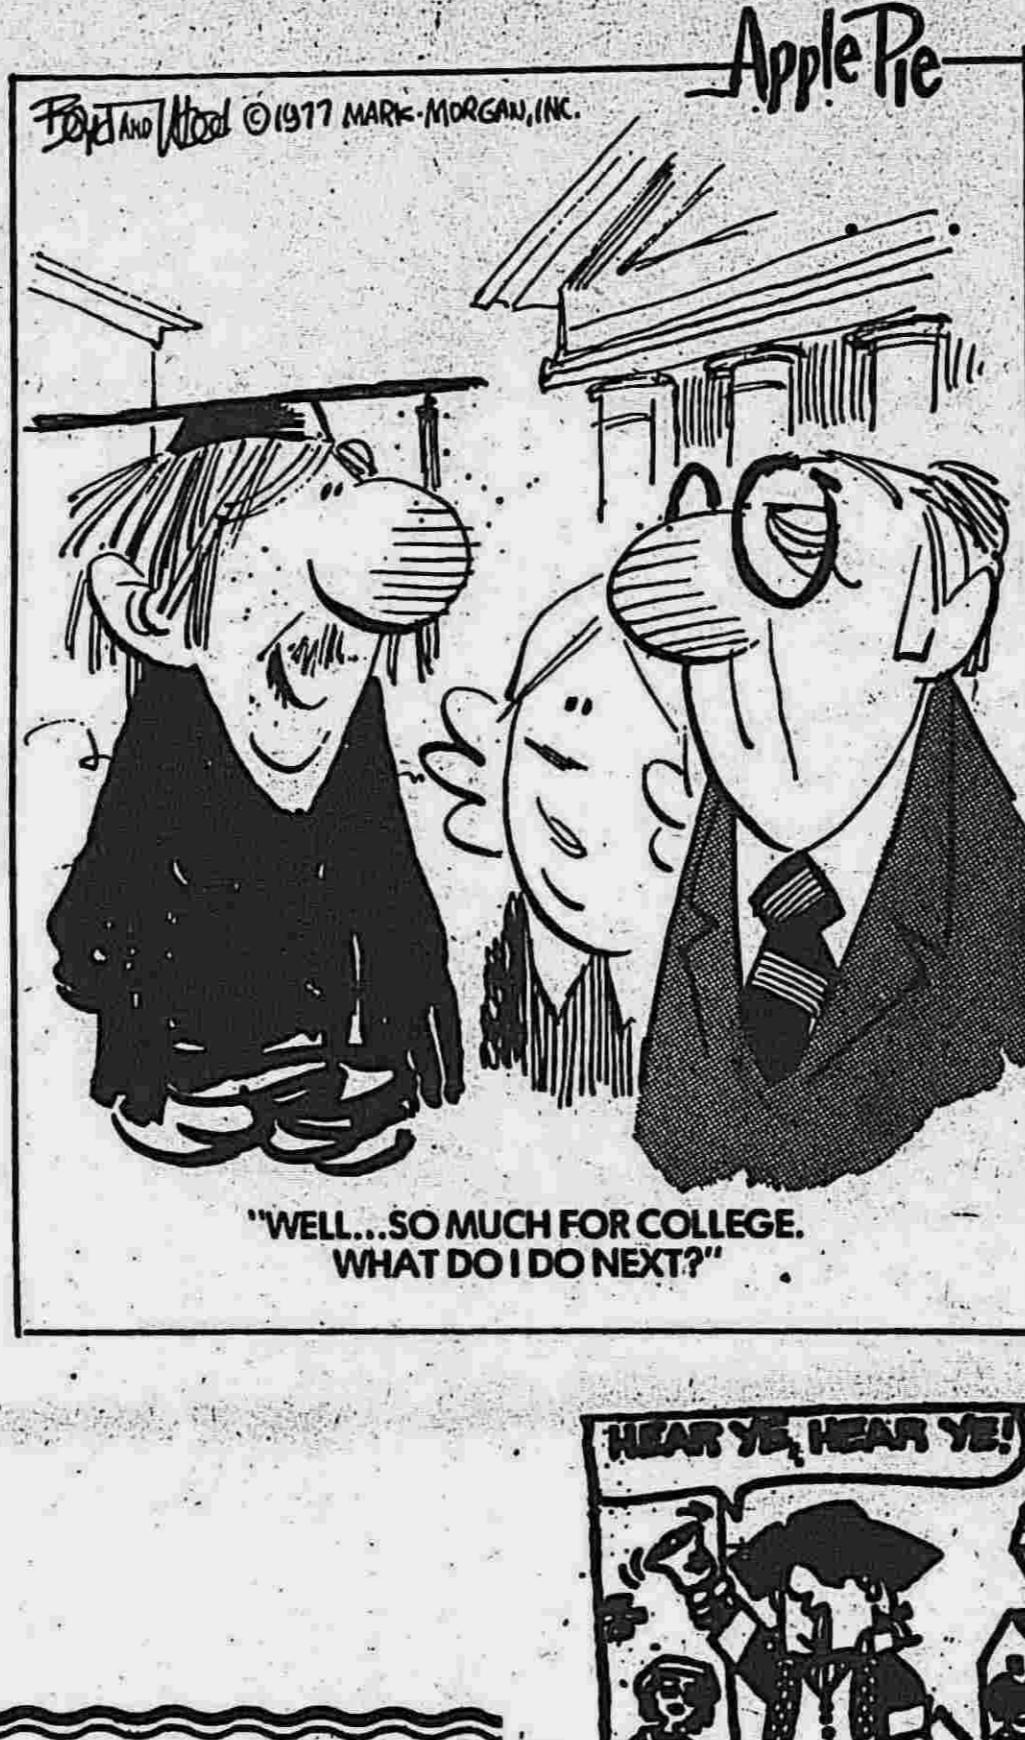

Taxpayers who get a little hot under the collar at the thought of Richard M. Nixon receiving \$600,000 for telling tales in TV interviews that he wouldn't tell when he was being paid to be their president have a friend in Congress.

Rep. Edward I. Koch (D-N.Y.) notes that Nixon still owes \$432,000 in back taxes, \$148,000 of which is uncollectable because the statute of limitations has run out. To compensate for this loss, Koch would withhold \$148,000 from the \$169,000 office expense account that is to be allocated to the former president in the 1978 appropriations bill.

Koch's proposal deserves support. Nixon should pay his back taxes before settling his legal fees for Watergate.

Another proposal that the public should get behind has been made by Rep. Herbert E. Harris (D-Va.) who has drafted a bill to do what Jimmy Carter promised to do when he was campaigning for president — cut the White House staff by 30%. If Carter gets what he wants for fiscal 1978, the president's payroll will be at a new high of 546, not counting 130 aides assigned to the White House staff from other agencies.

Both incumbents and ex-presidents need this kind of help from Congress. Back taxes, like campaign promises, are easy to forget.

'Worst ting'  
we ever read

It has happened in the newspaper business, too. Computers have taken over, replacing people.

Newspapers used to have men who were experts on spelling, grammar and sentence construction. They sat in well-lighted rooms, wearing green visors and they were called proofreaders. If a news story had a couple of errors in it, the proofreaders usually caught them and they were corrected.

But now we get our newspapers fresh from the computers and they come out reading like the following gem from Monday's Chicago Tribune. It has something to do with foot injuries prevalent among young athletes.

By John Husar

THEY STILL are doing it.

Visit elostar youth or high school athletic field and wach he youngsters limp. They run and twist. Thy al, et up, and run again.

Sometimes, whetheryhobble off the field, a coach or teacher with a rilof ape who acts as "trainers" will pat themonth back and suggest they run it off.

"Get tugh" thy shout, as the kid lurches around the field.

• QUITE OFTEN, the kid will run himself into ul-leg cast. Or he'll aggravate a hairline fracture that will turn into a horny shell of arthritic bone by he time he's 30. Or he'll favor strethe ad aching ligaments until the injures something else. "You'd be surprised how many simple injuries re turned into three-month recuperations or little problems because somebody 'ran it off' instead of resting and getting treatment," a prominent foot surgeon told a major sports. medical gatheringin CHICAGO LAST MONTH.

To Stephen I. Subotnick of Hyward, Cal., the well-known podiatrist, "running it off" can be one of the worst tings an athlete can do.

"Especially youngster," he added. "Pain is nota ormal thing for a young person, including teen-age athletes. If they have pain, it means there is something wrong. My an adult can run through the pain, but a yong person should be examined immediately. The difference can be either a pain-free or an arthritic, painful adulthood."

SUBOTNICK, WHO sometimes lectures orthopedic doctors on the tricky subject of oot injury, suggests that our macho, athletic, "run-it-off" culture is responsible for more harm than good.

You don't "gain trough pain," as

ISN'T PROGRESS wonderful?

## Unique Political Commentary

By RONALD REAGAN

One problem with announcing that you are going to run the affairs of the White House with high moral purpose is that the announcement is such a tough act to follow.

Take human rights. President Carter's new administration raps staunch allies, such as Brazil and Argentina, for alleged violations of human rights. He conveniently forgets that Argentina, for example, is in the midst of a virtual civil war against Marxist terrorists. Then, he turns around and begins negotiations to grant recognition to the victors of the Vietnam war.

These are the same moral purists who tore the Paris Peace Accords to shreds and who are routinely violating the human rights of tens of thousands of Vietnamese Citizens as you read this.

TAKE NUCLEAR "PROLIFERATION." In what seems to be a political tip-of-his-hat to the Naderites (who, it appears, would like us to live out our lives with candles as the principal source of energy), Mr. Carter makes a big issue of the U.S. reversing course and not supplying friends and allies with fuel for their nuclear power plants.

No matter that the friends and allies had planned their future on U.S. assurances of cooperation.

And, take heroism. A two-star general, who served with distinction in World War II, the Korean war and in Vietnam, tells a reporter he thinks a U.S. troop pullout would probably lead to another Korean war. Maybe he's right (I think he is); maybe not, but he deserved better than he got, which was a highly publicized sacking by a petulant president.

Now, his military career probably finished, General John K Singlaub told a House Armed Services subcommittee that new intelligence data reveal that North Korea is engaged in a large arms buildup. He also agreed that most U.S. and Korean military officers believe that a troop pullout would ultimately lead to war.

THE GENERAL'S "CRIME" was that he expressed his opinion in what he thought was a not-for-attribution conversation with a Washington Post reporter.

The Post disputes the not-for-attribution claim and I'm not challenging them, but anyone who has been in public life knows how easy it is for a misunderstanding to take place. Mr. Carter, who as a candidate had his share of public misunderstandings, should certainly know it. A reprimand of the general, through channels, might have been in order; but there was no excuse for the public humiliation of a man who has served his country with valor and been decorated for it.

But, while Mr. Carter won't brook any dissent from his troop pullout policy in Korea, he repeatedly excuses the seat-of-the-pants "diplomacy" of his Ambassador to the United Nations, Andrew Young. Each time Young insults an ally or praises Castro's Cuban mercenaries in Africa, President Carter, like a patient parent, explains that the Ambassador was not correctly stating national policy, but goes on to reiterate his confidence in him.

THE BEST CATCH we saw at the Antioch Little League field last week was made by George Hahn, whose son plays for the Lyons-Ryan Cubs.

A high foul was hit into the bleachers and, as it came down, George casually put his hand behind his back, caught the ball and tossed it back onto the field. The spectators around him applauded.

Mr. Hahn, you see, was a varsity catcher for the Bradley University

baseball team and catching foul balls is nothing new to him.

WE UNDERSTAND that Nancy Jablonski has a birthday coming up this weekend, but so far she hasn't told us if she will still be in her late twenties.

The report has come back to us that Rod White is very disappointed in the Antioch News. We promised to send Farrah Fawcett over to his place for a super ice cream sundae. Rod has been waiting, but Farrah hasn't shown yet. Soon as I find my little black book, I'll give her another call. She has never said no to me yet, Rod.

The nice thing about Antioch is that we don't have a town drunk...we just take turns.

931 MAIN STREET, ANTIOCH

50 YEARS AGO: JUNE 9, 1927

The Antioch board of local improvements in session Tuesday evening passed a resolution accepting the president's estimate of costs for paving Depot street. The sum as estimated is in the neighborhood of \$17,500. A public hearing will be held June 17.

What it costs to conduct the affairs of a progressive town like Antioch is shown in treasurer Wm. F. Ziegler's statement. The annual document for the fiscal year ending May 4 is probably the lengthiest ever. The total receipts from all sources were \$31,011 and the expenditures for all purposes totalled \$28,634.

"June 11 is a day of national importance for on that date 110,000,000 Americans will welcome home to the U.S.A. our international aviator-hero - Captain Charles A. Lindbergh. Our hats are off to him," says the First National Bank of Antioch.

20 YEARS AGO: JUNE 6, 1957

Residents of Emmons Grade School district approved an increase in the educational tax from 61 to 82 cents Saturday by a 54-27 vote. The increase is expected to produce an additional \$5,500 revenue, but the board does not have to use all of it if it is not needed. Donald Blake, who has been on the staff of Avon School, will succeed Goldie Stillson as principal next year. Beth Sanders and Jean Sobey are two new teachers.

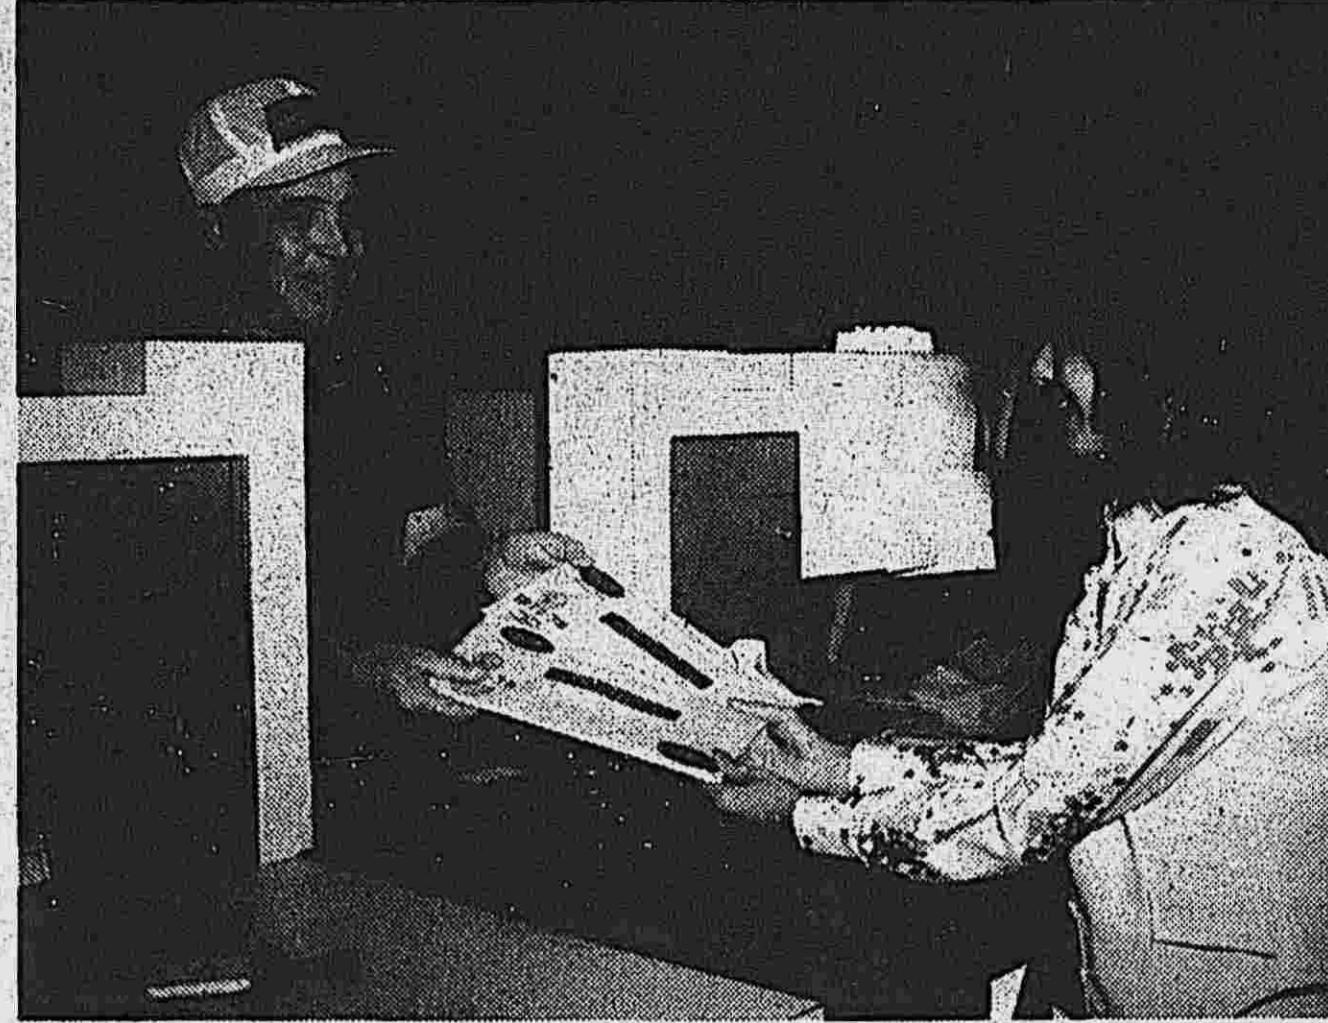

Is Antioch's election of a treasurer in violation of a state law? This question was asked at Tuesday's village board meeting. A statement from the Illinois Municipal League says, "The treasurer in cities is elected, but in villages is appointed. Even if she were not elected, the present board would have appointed Martha Hunter. She is just that satisfactory."

New officers of the Antioch Business Women's Club were installed recently at Joe and Helen's restaurant: Helen Patrovsky, president; Mae Atwood, vice-president; Dorothy Besch, secretary; and Loretta Kuligowski, treasurer. Carolyn Horan, outgoing president, and Fern Watson conducted the installation.

10 YEARS AGO: JUNE 8, 1967

A festive Una Despedida was held Thursday evening at the home of Mr. and Mrs. Leland Hansen in Lindenhurst in honor of Antioch High School's foreign exchange student, Diana Stagg. She had the good fortune of having both her mothers present at the party - Mrs. Walker Lyons, her American mother, and Mrs. Stagg, her own mother from Ecuador who is a guest at the Lyons home. New student officers of the American Field Service here are Pat Lombardo, president; Wendy Jensen, vice-president; Debbie Chandler, secretary; and Valerie Strom, treasurer.

Wayne Hansen was chosen the most valuable player on the Antioch High School track squad for his shot put prowess. Bill Sheldon, runner, was named team captain and Don Zeman won the title of most improved player. Zeman broke both the school and conference records in pole vault, clearing 12 feet 2 inches. Tom Doolittle set a new school record in the two mile run, with a top time of 10:46.0.

DIANE PERIMAN of the State Bank of Antioch assists Frank Feiler, 817 Turner Drive, Antioch, in the purchase of his 1977 Truck and Trailer vehicle license plates which went on sale at the State Bank starting June 2. The fee for a trailer (TA) plate is \$10 while the fee for a truck (B) plate is \$30, with weight the distinguishing factor rather than horsepower. Applications for recreational vehicles, leased vehicles, charity, funeral, ambulance and motorcycle plates will not be sold. Blank applications for B and TA plates will be available for individuals who have not received the pre-printed form.

## Club to honor 'Red' Murrie

The Antioch Republican Club's annual golf outing and dinner will be "Red Murrie Day." Scheduled for Wednesday, June 22, the event will be at the Antioch Country Club.

Tickets are \$12.50 for dinner and \$20 for dinner and golf. They are available at the State Bank of Antioch, the First National Bank of Antioch, the Antioch Savings & Loan Association and the Antioch Country Club. For reservations, call 395-2700 or 395-1444.

LLOYD "RED" MURRIE was born in Lake Villa in 1910, the first of two sons born to Roy and

Cora Murrie. The family moved to Antioch in 1918 and he has been a resident since that time. He attended schools in Antioch, graduating from high school in 1929.

After working three years in Chicago for Standard Oil Co., he returned to Antioch and opened his first service station at the corner of routes 173 and 83. In 1935, Red took as his bride his high school sweetheart, Louise Simons. Red and his wife have two children, Michael and Marilyn, and two grandsons, Bill and Dustin.

# PAWSING

By BETSY ROSEN

Kids always seem to be cooking up something.

But when the kids are in kindergarten and their teacher asks them to come up with a collection of their favorite recipes...well, I'll let the connoisseurs from Fox Lake's Big Hollow School speak for themselves.

SOME COOKS prefer the simple approach.

For example, Brian suggests you open a can of chicken soup and "don't add nuthin'." Crunch up five crackers and serve with 7-Up, though.

Strawberry pie, Billy-style, has the cook "first take the pie and pour in strawberries and four hands wide of milk. Put into oven and bake for 1½ hours. Serve with a glass of pop." And some people make baking so complicated.

For perfect pizza every time, Ginny buys a pizza at the store. She then says, "Put the pizza on the thing its supposed to go on and put it in the oven. Cook for five min. at nine degrees. Serve with mushrooms with pizza on top. Drink kool-ade."

MANY VARIETIES of the ever-popular spaghetti are discussed in the cookbook. An interpreter is needed for some, though.

Monique and Lisa say "Spaghetti." To Derek, it's "ga-sghetti." Ask Irma, she'll tell you it's "bisghetti."

Opinions differ on the method of preparation. Kimmi's recipe calls for 50 noodles, boiled for 50 seconds (the sauce is cooked for only five seconds, however). Draining nood-

les "in a pan with holes" is essential. David says to use "a few cups of water and dump into three pounds of meat. Tear up the meat first. Add 3 dashes of salt, four dashes pepper, a jug of tomato sauce and three onions. Cook for three hours. Dump 14 noodles into some hot water in a pot. Cook for three hours. Pour water off noodles and dump on sauce."

WHEN COOKING in quantity, why not follow Amy's suggestions for a gala roast beef dinner? "Put 22 lbs. of roast beef in a pot. Add 1 cup of water. Put roast in oven and roast for 33 hrs. Set oven at 400 degrees. Serve with baked potatoes, celery and corn. End with ice cream."

The personal touch can be seen in Kathy's doughnut instructions: "Put three lbs. sugar in a bowl, add four lbs. flour, five lbs. baking soda and six lbs. of butter. Stir with a big spoon. Fry doughnuts in a little bit of grease while I play outside."

David prepares hamburgers fried in two cups of grease until 5:30 and all the red is gone. Jami beats his pancake batter "till Daddy comes home."

TWO YOUNGSTERS captured my culinary interests with their careful instructions. Jason has a foolproof spinach dish using one small (emphasis on that word "small") can of spinach, cooked in a round pan for one minute and served with french fries and hot dogs.

My absolute favorite directions are from Tammi's steak recipe: "Broil steaks on the stove until the Muppets and the news are over."

Move over, Julia Child.

## ENGAGED

A June wedding is being planned by Eileen Gardoletto, daughter of Mr. and Mrs. Alfred Gardoletto of Antioch, and Dennis Ewaskowitz, son of Mr. and Mrs. Vernon Ewaskowitz of Milwaukee.

The ceremony will be held in St. Matthews Church in Milwaukee.

The bride-elect, who graduated from the College of Lake County, is a secretary for Scientific Products, Division of American Hospital Supply Corp. in McGaw Park.

Her fiance is attending Milwaukee Area Technical College. He is also employed by Pressed Steel Tank Co. in Milwaukee.

The Antioch Evangelical Church will be the setting for the August wedding of Joan Lesali Bjork of Antioch and Michael L. Robinson of DeKalb. The bride-to-be is the daughter of Mr. and Mrs. Donald C. Bjork of Antioch. Judge and Mrs. James K. Robinson of Danville are the parents of the bridegroom-to-be.

Miss Bjork is a student in dental assisting at the College of Lake County.

Her fiance is majoring in business management at Northern Illinois University in DeKalb.

They plan to make their home in DeKalb while the bridegroom finishes his studies. Later, he plans to enter law school.

## Couple renews vows on 5th anniversary

On their fifth anniversary, Mr. and Mrs. Wayne Nehls of Antioch renewed their wedding vows in a traditional, formal ceremony to make up for the simple wedding they had five years ago.

The bride, given in marriage by her son, Billy Carmain.

Honor attendants were the bridegroom's brother and sister-in-law, Mr. and Mrs. William Nehls of Pleasant Prairie, Wis. The Rev. Philip Laurin officiated the ceremony in St. Stephen's Church in Antioch.

Guests were greeted at a reception held in Antioch. The Nehls spent a second honeymoon at the Wagon Wheel in Rockton.

# THE Entertainer

July 10 nears!

Over 100 artists and craftsmen will display their wares from 11 a.m. until 6 p.m. at the Antioch Chamber of Commerce & Industry fifth annual Arts, Crafts, and Antiques Fair and All-American Festival on Sunday, July 10.

Other activities which will be held in conjunction with the Art Fair include a pancake breakfast, a raffle, entertainment, and beer and food sales by area service clubs and organizations.

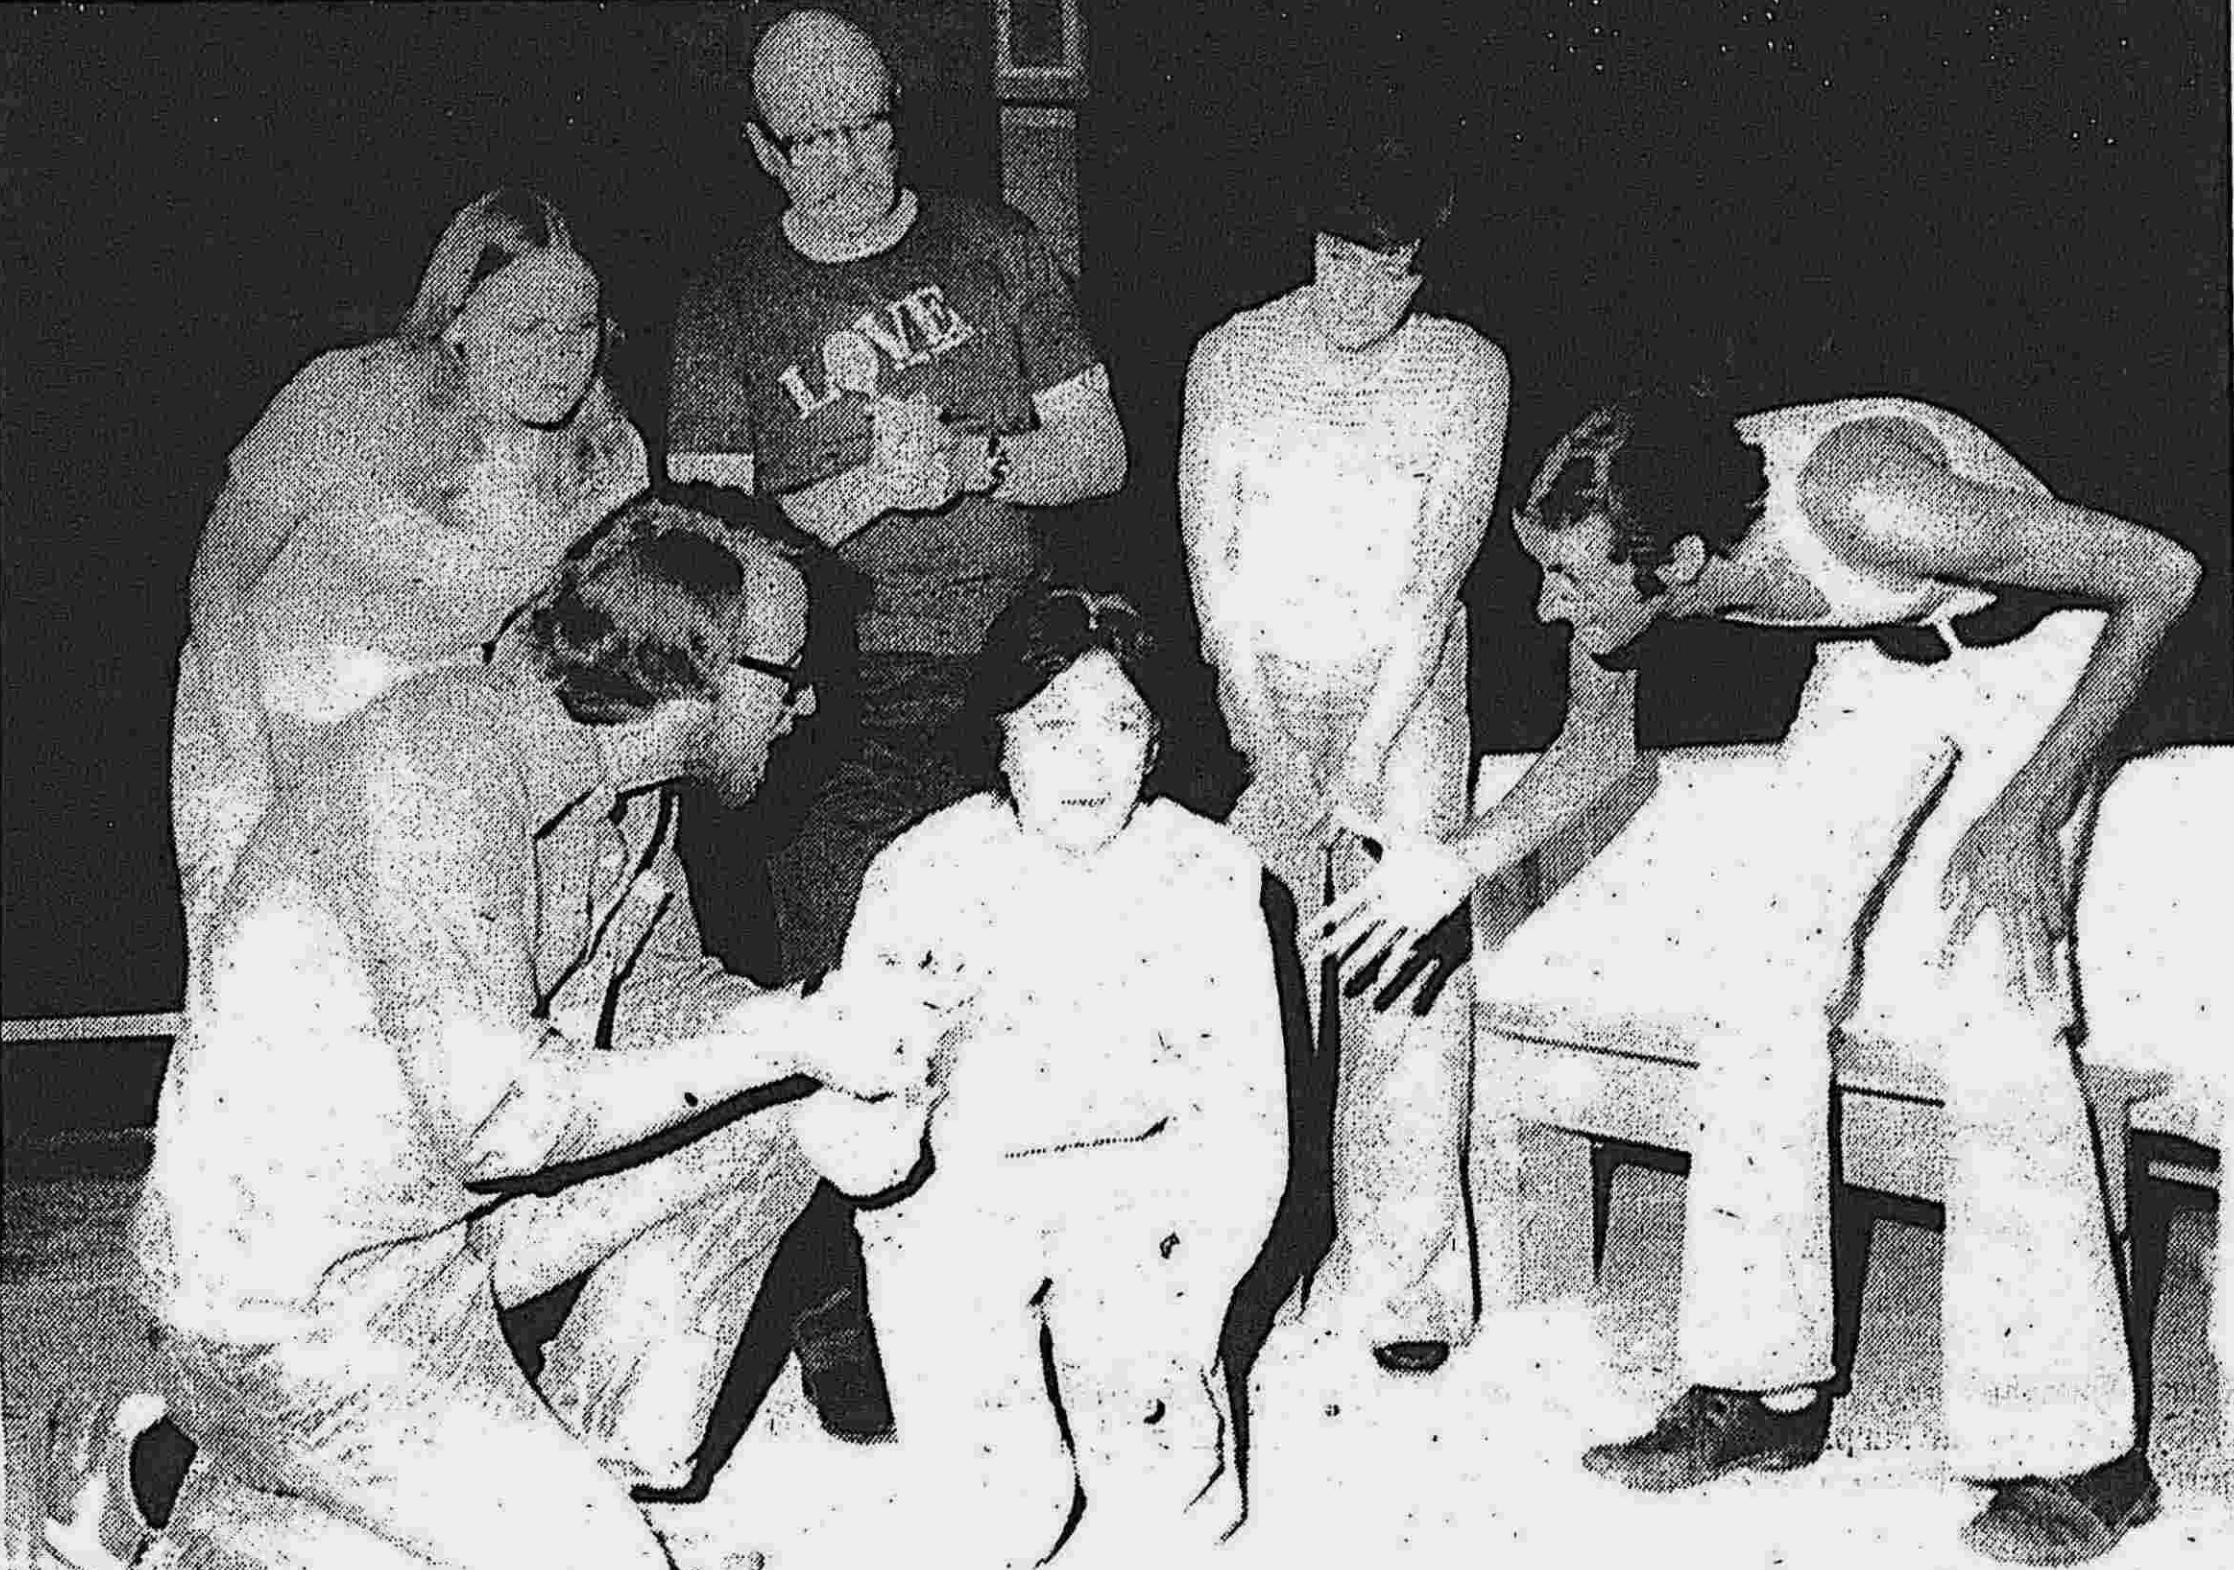

THE PANCAKE breakfast will be held from 7 to 11 a.m. on Broadway St., site of all the day's activities.

Raffle prizes will be awarded throughout the day. Grand prize is a \$500 savings bond (donated by the State Bank of Antioch and the Antioch Savings and Loan Association); other raffle prizes include a Charmglow gas grill and outdoor bug light, a wrist watch (donated by Ashland Jewelers) and a Pickard Plate.

Tickets for the pancake breakfast and raffle may be purchased in advance as well as at the door. Advance ticket outlets are the State Bank of Antioch, Antioch Savings & Loan Association, the First National Bank of Antioch and the Chamber office.

ENTERTAINMENT WILL begin at noon with skits from the PM&L Theatre's "My Fair Lady." Willy Necker's "Leaping Dalmations" Dog Show will be on stage at 2 p.m., followed by a magician at 4 p.m.

Further information about festival activities and art fair entry forms can be obtained by calling the Antioch Chamber of Commerce and Industry office, 909 Main St. - P.O. Box 293, 395-3381.

"THE CRUCIBLE" opened last Saturday at the PM&L Theatre. Shown in rehearsal are (kneeling) Tom Hausman and Debbie Blank-

sten. Standing (from left): Laura Krah, Frank Greenwood, Deane Jones and Mark Kettner.

"The Crucible," Arthur Miller's celebrated play based on the Salem witch trials of the 17th century, opened last Saturday night on the PM&L stage with such realism the audience couldn't help but get caught up in the snowballing hysteria.

woods, conjuring with Tituba, the old slave from Barbados (Debbie Blanksten). But the Rev. Parrish's daughter is "afflicted" and Abigail is put on the spot because Rev. Parrish (Mark Kettner) has seen them. In order to save herself she claims the ability to see the devil and convinces the other girls to follow her lead.

Once they start there's no turning back and scores of good women are accused of being in league with the devil and practicing witchcraft. Her real target is Elizabeth Proctor (realistically done by Tricia Schaefer), wife of John Proctor, with whom she fancies herself in love.

John does everything possible to convince the judges the "children" are lying—even confessing his own infidelity with Abigail. (I don't know why they didn't believe him, Bruce Berger sure convinced me!)

THE PRETTY Abigail, played by Laura Krah, almost "meets her Waterloo" when it is brought to the attention of the judges that she's been caught giggling in church ... not once but several times!

The agonizing frustration felt when truth and honesty are thwarted time and time again was due to the high degree of professionalism shown by these talented people. Not only did they look the part, but the underlying subtlety which made it all seem so real was due largely to the gestures and mannerisms protracted, even when the focus of attention was not on them.

There is not praise high enough for each of these talented people. Tom Hausman was terrific as the Rev. Hale and Earl Beese and Don Beveroth as the judge and governor had me "quaking in my boots." Even the stark austerity of the sets adds to the high drama of the scenes.

THE ELECTRIFYING suspense in the last scene had me tense and on the edge of my seat. Those of you who were there know what I'm talking about - those who weren't, better call 395-3055 now for reservations. Performances are June 10, 11, 17 and 18. Curtain time is 8:30 p.m.

## Offer many surprises at golden anniversary

About 140 members of the American Association of Retired Persons of Antioch arrived at Father Frawley Hall Tuesday May 24, to be met with a surprise 50th wedding anniversary celebration hosted for them by Lloyd and Dorothy Leable, in honor of her parents, Clarence and Dolly Spiering, long-time residents of the community.

Floral decorations, assorted sandwiches, punch, a decorated wedding cake and other refreshments delighted the surprised group.

The Spierings and the members enjoyed the second surprise, a stage performance depicting songs of the 1920s and numerous important news events of 1927, from Lindberg's flight to the wedding of Clarence and Dolly. A cast of 11 senior members participated: Frances Winiecki, Violet Feldmann, Blanche and John

Babik, Katherine and Glen Petersen, Elaine and Bob Leonhardt, accompanied by Emily Novotny on the piano and Virginia Neckers on the drums. The skit was written by Violet Feldmann and John Wenclawski and directed by Esther Aiani.

The success of the affair was shown by the long and enthusiastic ovation given the happy couple and the performers by all seniors present.

All members are urged to come to the next meeting, Tuesday, June 14 to help elect next year's officers and to make reservations for the installation dinner to be held June 28, and the picnic, June 30.

Meetings are held at St. Peter Catholic Church, 557 Lake St., every second and fourth Tuesday of each month. No meetings during July and August.

HE MOVED into the Standard service station, located at Park and Main in Antioch, in 1942 and operated it until 1967. His first try for public office was in 1955, when he ran and was elected supervisor of Antioch Township. He was successively elected to four additional terms, winning each time by a large margin.

The enactment of the Constitutional Convention made it necessary for Red to run in a separate election for his seat on the Lake County Board. He won two terms, leading to his current title of Dean of the County Board.

Upon completion of his fifth term as supervisor, Red decided to take it easy and did not run again in April. However, he continues to serve as an active member of the Lake County Board from the fourth district.

"RED" WAS a member of the Antioch Rescue Squad for 20 years, joining the squad shortly after it was organized. He is also a member of the Lions Club, Antioch Moose, Sequoit Lodge AF&M and various political organizations.

Hamline University in St. Paul, Minn., graduated 275 seniors and 149 law students during commencement exercises Sunday, May 22.

Timothy Mieure, 451 Winsor Drive, Antioch, graduated with high honors and received a B.A. in physical education.

A two-sport letterman, Mieure was starting guard for the Hamline basketball team which finished fourth in the nation this year in the NCAA Division III. He will be an assistant basketball coach next season.

Mieure, also a member of the baseball team for three years, served as secretary of the men's athletic club at Hamline and was part of the intramural council for three years. In addition, he belonged to the medalist honor society.

## Along the way with ANNIE MAE

Well, we're in the home stretch...soon Antioch students will be enjoying their summer vacations! (And I'm sure all the moms are looking forward to that, too.)

We hear the graduation ceremonies have been well-run and enjoyable. Ditto on the congrats this week, kids.

LOUISE SANTINO, vice-president of the Antioch Woman's Club, has a message for all members who signed up for the tag day this Friday, June 10.

Be sure to pick up your boxes for the Salvation Army Doughnut Day prior to your designated time, at the State Bank of Antioch, and return them there after tagging.

Openings are still available for others interested in tagging. And if you have forgotten your time or place, please call Louise.

HOW MANY TIMES in the past year have you been subjected to water torture from a leaky faucet? Needed to use a lamp with a damaged cord? Suddenly discovered a tiny hole in the window screen? Needed to light the furnace on a cold day?

The University of Illinois Cooperative Extension Service will demonstrate Basic Home Maintenance and Repair next Wednesday, June 15 at 9:30 a.m. at the extension auditorium. The lesson is free and open to the public, but you must enroll by calling 223-8627.

The extension building is located one-fourth mile north of Rt. 120 on Rt. 45.

SURE HOPE Sarah Ann Derrig, better known as Sally Ann to her Little Silver Lake friends, is enjoying her vacation in Los Angeles. She'll be attending the graduation of her granddaughter, Karen Marie, and having a good time with Karen's sister, Kathy Ann, also.

Hear tell Sally Ann, who is still very proud of her invitation to President Carter's inauguration, turned in a bag of coins she found at a local bank to be returned to its rightful owner.

"Honesty is the best policy" is her motto.

CONGRATULATIONS TO Dick Kessler, who had the honor of officiating at the Illinois High School Association girls softball tournament in Pekin recently.

Speaking of that sport, opening day for the Antioch program is slated for 12 noon this Sunday.

TIME TO catch up on some of the new arrivals in town.

Nicole Cerk was born May 13 to Carol and Richard Jr. of Fillweber Ct. Big brother is Richard III. The proud grandparents are Lorraine Cerk of Antioch and Mr. and Mrs. Donald Malik of Spring Grove.

Another little bundle of joy is Tiffany Nanette, born May 25. She's the first for Nanette and Russ Talbot, who live on Rt. 45. Rural Antioch residents Margaret and Russell Sr. are the paternal grandparents.

AND NOW for this week's birthday and anniversary wishes.

Best wishes to Jean Ashland on the 9th and Louise Johnson on the 10th.

Ray and Inez Trayes will be enjoying their 51st wedding anniversary this Sunday and we send our regards. And Monday is the day for Barb and Joe Rush to celebrate.

About all for now. See ya next week!

## Buying an air conditioner?

## There's one number you should know besides the price.

Before you choose an air conditioner, ask the dealer for its energy efficiency ratio. This number tells you the efficiency of a unit. An air conditioner with an EER number of 8 or above will be thrifty for you electrically.

The EER number is computed by dividing the BTUs by the watts. A 12,000-BTU unit that uses 1500 watts will rate an 8. If the EER doesn't appear on the tag or metal nameplate, use this simple formula yourself. It's a worthwhile exercise that can pay off in electric dollar savings over the long run. Don't buy too much capacity.

Surprisingly, an air conditioner that's too big usually won't keep you as comfortable as a smaller unit.

So measure the space to be cooled before you go to the dealer. Also note any doors that might let cool air escape, or windows that might let direct sunlight in. The dealer will have charts to translate your notes into the right air conditioner selection.

And remember to keep the filter clean. Check your owner's manual to see if you

should vacuum it or wash it. In either case, a good periodic cleaning will make your air conditioner more efficient, and save you money.

Another good way to save on your cooling costs is to get an automatic timer made especially for air conditioners. If you're going to be away from home for the day, you can set the timer to turn on the air conditioner an hour or so before you return in the evening. Your home will be more comfortable, your air conditioner will get most of the day off, and you'll save money on your electric bill.

It makes a lot of sense to buy an air conditioner that starts efficient and stays efficient. And saving energy always makes sense.

## PERSPECTIVES

## All science true science?

By DONALD COLE  
Moody Bible Institute, Chicago

In some quarters it is assumed that science has discredited the Bible. Nothing could be more clearly in error than that assumption. Rather than discredit the Bible, true science enhances the Bible's claim to inspiration. Then why, some will ask, have scientists and theologians been in conflict for so many decades?

Two answers are possible. First, theologians have not always based their criticisms of science on what the Bible actually says. Opposition by clergymen to Copernicus and Galileo was not biblically based; their notion of a geocentric universe came from Aristotle, not from the Bible. The Bible is never in conflict with true science.

However, not all that passes for science is indeed science. Unproven theories are fobbed off on an unsuspecting public in the name of science. As T.C. Hammond notes, "There is a prejudice abroad today against which it is necessary to struggle. It is assumed in many quarters that students of various natural sciences, who appropriate to themselves the title scientists, are a race of supermen. They are invested by popular imagination with an armour that renders them impervious to all the envious darts that lay lesser mortals low. It is confidently believed that they confine themselves so strictly within the limits of their particular science that anything or everything which they assert dogmatically must be accepted as fact." Yet their "facts" are often only unproven

theories they hope may be true. Furthermore, they often make pronouncements not in their own field. Canon Hammond gives examples of scientific mistakes due to intellectually prejudiced scientists.

He writes of prejudice in our times. Prejudice and erroneous presuppositions have always existed, of course, and these are reflected in the writings of an age. In ancient times it was widely believed that the earth was flat, and that it was supported by a huge turtle or elephant, or that it stood on pillars. None of the errors of the ancients can be found in the Bible, which is far more remarkable than is generally realized. How can we account for the Bible's amazing freedom from the superstition that prevailed in the times in which it was written?

The answer, of course, is that holy men wrote as they were moved by the Holy Spirit of God. The Bible is divinely inspired. Hence, its freedom from error. Logically, if God inspired its writing, it must be free from error. It is inconceivable that God would or could promote the writing of nonsense, as the Bible would be if it discussed natural phenomena in terms of mythology.

But not one should think of the Bible as a science textbook. God has not given us a science textbook. He has given us His Word which, Paul says, is able to give us the wisdom that leads to salvation through faith which is in Christ Jesus. If your reading of the Bible leads you to faith in Christ Jesus, then the Bible is accomplishing the purpose for which God gave it. And you are blessed-blessed with salvation.

THE STATE BANK OF ANTIQUA is offering a 10-speed bike as the grand prize in its Wednesday, June 15, Bicycle Safety Rodeo. At left is Bill Groeninger, assistant cashier at the bank, and potential participants at the right are Andy Dugenske and Dawn Flaschner.

### Bike Rodeo skills

The State Bank of Antioch will sponsor a Bicycle Safety Rodeo next Wednesday, June 15. Following is a brief description of the purpose and the test of some of the skills riders will be asked to perform.

#### MOUNT AND DISMOUNT

**PURPOSE:** To show how to start and stop without wavering.

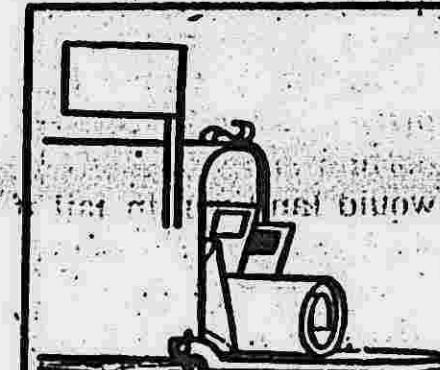

**TEST:** Driver straddles bike, one foot on the ground, the other placed on opposite pedal, pedal placed 45 degrees above the horizontal, hands on handle grips. He should simultaneously push off, press down on the pedal and raise his body up and back onto the saddle. Driver then pedals a few turns and applies brake.

#### CIRCLING AND CHANGE IN DIRECTION

**PURPOSE:** To test balance and related sense of momentum, and the changes in balance required by intended changes in direction.

**TEST:** Start 5' from the circle. Driver must enter circle at the opening and ride half-way around the first circle to his right, then change direction to ride to his left around the second circle. He reenters the first circle to his right, completing a figure 8.

**Umpires are people ... honest**

By JERRY PFARR

A prize-winning cartoon some years ago showed an umpire buried from the neck down in pop bottles, beer cans and other debris. In the caption, the batter turns to the catcher and says:

"This is a rough town. All he said so far was, 'Play Ball.'"

We were reminded of the cartoon by a story in last Thursday's Waukegan News-Sun. It said, in part:

"A 20-year-old North Chicago umpire today was recovering from injuries he suffered when attacked by several players after he made a call of a disputed play during a 12-inch, slow pitch softball game at the North Chicago diamond."

"The umpire, Mike Babicz, was in St. Therese Hospital, Waukegan, with a broken nose and a possible fracture of the lower jaw."

"Meanwhile, North Chicago police reported the incident is under investigation and that once identity of the assailants has been established, warrants will be issued for their arrests."

Babicz, a second-year umpire, will be a junior this fall at Illinois State University where he is studying prison corrections.

**MAN IS RELATIVELY** kind to animals -- most are hunted for short stretches and run free the rest of the year.

But during baseball season 90,000 Americans are fair game for more than six months.

It comes under the heading of "national pastime," and for the price of a ticket you are allowed to do and say things to umpires that would land you in jail if they were shouted anywhere but in a ball park.

An umpire named Clarence (Brick) Owens got his nickname from the objects thrown at him.

ONCE A CATCHER in the Pacific Coast League turned to umpire Bull Perrine and said:

"If you would take off that mask, I'd punch you in the jaw."

"Oh yeah!" said Perrine, taking off the mask.

The catcher punched him in the jaw, and Perrine woke up two hours later.

Two umpires have been killed in action.

In 1899 in Alabama, Samuel White, tired of taking abuse from a player, knocked him down. The player jumped up, bat in hand, and cracked White's skull, killing him.

Two years later, in Indiana, umpire Ora Jennings was silenced forever by a player's bat.

THE FAMOUS BILL KLEM was the most respected of all umpires. He enjoyed the luxury of integrity.

Klem once threw John (Little Napoleon) McGraw out of a game.

"I'll have your job for this!" yelled Manager McGraw.

"If it's possible for you to take my

job," replied Klem, "I don't want it."

"Most fans think the booing and nasty remarks go in one ear and out the other," Klem said. "But they go in one ear and straight to the nervous system, eating away at your confidence and self-respect."

"I've seen umpires driven to drink," Klem said. "Yet I love this work."

John Lardner, the famous sports writer, once noted:

"The umpire is an organism very closely related to mankind, though twice as miserable."

In 1882 in Kansas City there was a

sign on an outfield fence that said, "Please do not shoot the umpire. He is doing the best he can."

OCCASIONALLY SOMEONE gets the last word in a debate with an umpire, but it takes a wit like Casey Stengel.

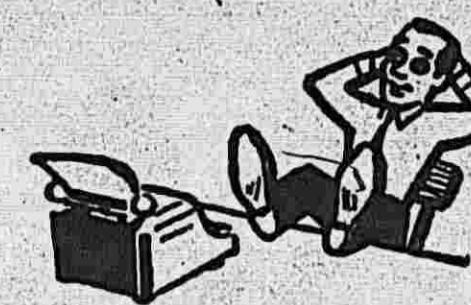

When Stengel was managing the Yankees he became suspicious that Ellis Kinder, Red Sox pitcher, was throwing a spit ball. Stengel's clue: Kinder kept spitting on his fingers.

Stengel dutifully reported this to umpire Bill Sommers who said, "No, Casey, Kinder isn't doing anything bad."

"No?" retorted Stengel. "He doesn't do that at the dinner table, does he?"

A BASEBALL CLOWN of Lefty Gomez's stature also could hold his own against the men who are always right.

## Softball season is best ever

Antioch Community High School frosh-soph girls softball team closed out their season May 20 by taking a co-championship in the Northwest Suburban Conference.

The squad had a chance to take an unofficial uncontested championship if they could defeat Woodstock in the last game of the year but fell short to the Blue Streaks, 16-12. However, the team should not be disappointed with their 12-4 overall record.

The Sequoits had the best season of any softball team ever at the school and coach Steve Scott was very pleased with the outcome of the season. "When we first started we were hoping to be respectful. But as the season progressed we all felt that we had a contender for the title," said Scott. "I feel, that with this team and the fine seniors coming back next year, we will definitely become a threat to any conference foe."

The team batted .558 for the season and out hit their opponents 336 to 256. The girls voted sophomore catcher Kathy Ogden the most valuable player and freshman third baseman Jenny Behne the most improved. Ogden led in total batting average with a .682 total. She also lead the team in home runs and hits.

Center fielder Linda Haling lead the team in at-bats (70), doubles and triples. Freshman Jeannie Cilic led the team in runs scored and stolen bases.

Finally, the pitching record was: co-captain Monika Lukas 6-3, Sue Lass 4-0, and Lorie Hucker 1-1. Monika also led the team with 10 walks and 39 RBI's.

Coach Scott expressed appreciation to Diane Behrendt for "the outstanding job she did all season as the squad's manager."

KATHY OGDEN, sophomore catcher, was named most valuable player on the Antioch High frosh-soph softball team.

## Softball tourney

Entries are now being taken at Dug Out Park for the "Firecracker" 16-inch Tournament. Dates are set for July 2, 3 and 4th. This tourney will be double elimination.

Entry is \$100 with sponsor trophies and \$1,000 in traveling expense (minimum of 16 teams).

For more information call Tom Furlam at 414-862-9136 or 312-395-5788. Deadline for entries is Sunday, June 26.

Dug Out Park is located on Rt. 83, two miles north of Antioch.

## Super stocks at Waukegan

The late model super stocks returned to the Waukegan Speedway on Sunday night and the track's point leader, Tom Jones, came home the winner in the 30-lap feature.

The feature had its problems getting in the record books as the early laps had two yellow flags.

The first came when fastest qualifier Ted Musgrave and defending champion Ray Young tangled in the 3rd turn of the 2nd lap.

As a result, Musgrave's front end was badly damaged and he was forced out of the competition, but Young was able to continue.

The next yellow came when Tom Musgrave (in his first appearance of the season) tangled with Dick Aissen on lap 4 also in the 3rd turn. Aissen withdrew, Musgrave continued and finished 4th.

JONES CAME ACROSS the winner with Young second, 16-year old driving sensation Bobby Dotter 3rd, Tom Musgrave 4th and Roy Acuff 5th.

The trophy dash was won by Tom Musgrave with heat wins going to Ted Musgrave and Dotter. The second heat ended with a little excitement as Phil Mass's Camaro developed an engine fire in turn 2 just after the end of the race. The fire was quickly extinguished and Mass was alright, however he was unable to continue.

IN HOBBY STOCK ACTION, Larry Cash finally shedded some bad luck that has plagued him the past few weeks to pick up the win in the 12-lap feature and the second heat.

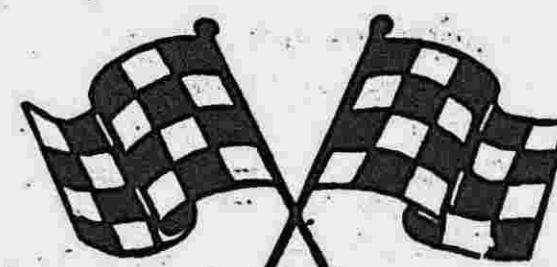

In Saturday's debut of the late model sportsman division at the Speedway, the large crowd enjoyed a warm evening by close and exciting racing.

The excitement began when Chuck Clark had the wheel come off the Camaro as he crossed the finish line during qualifications. An excellent job of driving by Clark kept the car away from the wall and he brought the auto to a safe stop in turn one.

The 25-lap feature was full of excitement, too as numerous cars piled up on lap 15. The slick track, due to the humidity, caused some of the problems.

Ray Dixon's Pinto was damaged but Dixon made repairs and restarted the race to finish fourth.

Don Collins won the event with Dan Hagi second and Bill McDonald third. Dixon was fourth and Ray Toche fifth.

## Awards for varsity team

The girls varsity softball team of Antioch Community High School, finished its season with a disappointing 3-14 overall and 3-7 conference records.

The team showed steady improvement and were very competitive at the end of the season, according to coach. Chris Coolidge. The future looks bright: the junior varsity finished first and two of the varsity's top hitters (junior Heide Kapischke and sophomore Lisa Haling) will be back next year.

Team honors were Bonnie Pottala, team captain; Heide Kapischke,

most improved; and Cathy Miller, most valuable. In addition to those honors, Cathy Miller, Heide Kapischke, Bonnie Pottala and Karen Kirschke were chosen for the all-conference team.

Varsity award winners were: Lisa Haling, Heide Kapischke, Sandy Kessler, Karen Kirschke, Cathy Miller, Kathy Murphy, Kim Plotz, Bonnie Pottala and Barb Quinn.

The following seniors completed the season: Lori Haviland, Kim Herbst, Louette Landt, Kathy Ipsen and Pam Parker.

## Bike Rodeo

Continued from page 14

### STRAIGHT LINE CONTROL

**PURPOSE:** To test poise and control in driving and to establish the ability to ride in a straight unwavering line as required on the road.

**TEST:** Driver should start 20' from the 60' lane and the first pair of obstacles (blocks, weighted #1 cans or fist-size stones may be used as markers). The driver may go at any speed but must go between each of the pairs of markers without touching them.

### WEAVING ... MANEUVERING TO AVOID OBSTACLES

**PURPOSE:** To test the ability to change direction quickly, which requires balance and judgment.

**TEST:** Driver should start 20' from the first obstacle, riding at normal speed and proceeding by going right of that obstacle, left of the second one, etc. Obstacles (blocks, weighted cans, or cones) should be 6' apart.

**Adesko Electric has  
new 'bucket truck'**

Adesko Electric Co., Inc., of Antioch has added something new.

"Our ambition here at Adesko Electric is to offer our customers a complete electrical service and we think our new bucket truck is a definite step in the right direction," said Phil Adesko, president of the firm at 111 Rt. 173.

"Its full extension height of 40 feet gets us right up there to install or relamp your parking lot fixtures, and clean or relamp business signs," said Adesko.

"We'll erect poles and install mercury vapor fixtures for tennis courts, swimming pools and other athletic fields. How about installing a new antenna or rewiring your old on the steep roof or tower? We've even had a service call to re-rope a flag pole," he added.

## Jones is MVP in track

BLOOMINGTON -- Sophomore sprinter Mike Jones of Antioch has repeated as Illinois Wesleyan University's most valuable track and field performer and has been elected co-captain for 1978 along with junior distance runner Jeff Barclay of McLean (Olympia).

Jones, who was undefeated in the 220-yard dash, led the Titans in scoring for the second successive

MIKE JONES

year, totaling 122 points compared to his 110 of a year ago.

Coach Bob Keck believes Jones and Barclay will provide excellent leadership.

"MIKE IS A LEADER by reason of his ability alone if nothing else. He is full of enthusiasm, is a worker and is coachable. He also has been a help to Rom Foy," Keck said.

Foy is a Moline freshman sprinter who was undefeated at 100 yards.

"I think Jones really deserves credit for his attitude toward Rom. A lot of Sophomores who had as much success as he did as a freshman couldn't handle being beaten by a freshman like he was this year by Foy in the 100," Keck said.

THE TWO WORKED well together. "There has been no jealousy or stress shown by either runner and both are very coachable. They help each other," Keck said.

Jones turned in a best time of 21.5 in the 220-plus a 0.9 in the 100 and Foy's best in the 100 was 9.75. Both took part in the National Association of Intercollegiate Athletics meet but didn't qualify, Jones at 200 meters and Foy at 100 meters. Foy was the team's second leading scorer with 68 points in the two-mile. With 45 points he tied freshman shot putter Tim Conkling of Princeton for third place in scoring, one point in front of freshman discus thrower Steve Thompson of Mahomet.

Jones' times of 10.8 and 21.7 in the 100 and 200 meters were meet records in the NAIA District 20 meet and Foy's 9.75 in a dual meet set a Wesleyan Stadium record.

"FIRST BANK--We work for you," the new image of the First National Bank of Antioch, was announced to bank employees May 31 at a special dinner. Pictured above are Terry Corey (left) and Julie Ellis. The bank's management briefed employees on new products and schedules. L.M. Woods, president, said, "The new image was created primarily because of employee attitudes and cooperation and readily reflects how the employees feel toward their customers."

### Be alert for viral problems

Reye's Syndrome is a serious illness that often is fatal to children. It usually follows shortly after a viral illness, such as flu or chicken pox, according to the American Medical Association.

Of the thousands of children that come down with the flu each winter, only a few, statistically, will develop Reye's Syndrome. But for those few it will be very serious.

Usually the child will have completely recovered from the first illness and be back in school or at play before the symptoms of Reye's appear. Sudden, persistent vomiting is almost always the first sign, followed closely by complaints of fatigue, general listlessness and apathy.

If your child shows these symptoms, contact your doctor immediately. Mental disorientation occurs soon after the vomiting ceases. The child may become totally irrational -- screaming, striking out, and unable to recognize family members and other familiar faces. unconsciousness soon follows.

Reye's Syndrome is not always fatal. Sixty percent of children affected in a 1974 epidemic recovered completely, and doctors now are guided by lessons learned during that outbreak.

You can better the odds of recovery by watching your child carefully after any viral illness and by acting quickly to get help if he displays any of the symptoms of Reye's Syndrome.

## Bud said he was too busy to pose for a picture.

That's quite all right, Bud. The last thing we'd want to do is interrupt your work. Besides, your attention to detail is the point we'd like to make. It's just as important in our business as yours.

We believe it's one of the differences between just a bank and A BANK. And so do our employees.
